Oh thank you for the login Amber! I was counting characters all weekend and couldn't figure out if spaces counted! I've been working on the Project Plan Attachment B/Parts 2 & 3

I think we should be finished and can upload most of the narrative today. I'll need you guys to coach me on any of the admin bits —the attachments look serious!

**Subject:** Re: call after my meeting

I'm good for 9/930 for a check in? I've gotten through most of the project plan but i wanted to ask a couple questions?

I'm open til 230 mostly so let me know when works!

What time do you want to touch base on today and start plugging in fields.

Are we re editing section 2-4 too just let me know.

I am available all day today and tonight (I might be in training during the day but can step aside)

Tomorrow I have court at 3pm and at 5pm I have PAC

Hey Shawnee,

So this section 1....I just read it over....looks like 1500-2000k characters over, but that's fine...I rather have more than less.

Amber has the login, I gotta ask her I totally forgot....we logged in one day to look at it and it's your typical grant one with cut and paste or just type in the box.

For Section 3 the project description....we can cut and paste what I had in Section 1 about the meetings....I had a lot more detail and then I trimmed it down to fit the required characters.

**Section 2: Project Description (Percent Value – 35%)**

Within this section address the criteria that defines the Project Description Rating Factor (see table below) in a cohesive, comprehensive, and concise narrative format.

|  |   |
|--|---|
| <b>Project Description:</b> The applicant provided a description of the project that is related to the identified need and the intent of the grant. The elements that comprise this Rating Factor are listed below. Addressing each element does not in itself merit a high rating; rather, although each element is to be addressed (when applicable), it is the quality of the response to each that will be evaluated. The response will be evaluated with a single rating based on a scale of 0-5. |   |
| 2.1  | Describe the proposed project that will address the need(s) identified in the Project Need section. The description should include: <ul style="list-style-type: none"><li>• the proposed activities/services/interventions of the project including how they will be delivered and the length and duration.</li><li>• the target area and/or population which will be the focus of the project, including how and why it was selected.</li><li>• how the proposed activities/services/interventions will address the Project Need and the intent of the grant program.</li><li>• plans to coordinate or collaborate with other entities, if any, such as public agencies (e.g., law enforcement, non-law enforcement, prosecutors' offices), community organizations, or retailers.</li></ul> |
| 2.2  | Describe the proposed project's goals, objectives, and impact that includes a relationship to the identified need(s) and intent of the grant program. <ul style="list-style-type: none"><li>• The completed Project Work Plan (Appendix B) is appropriate for the proposed project aligning with the identified need(s) and intent of the grant program.</li><li>• The completed Project Work Plan identifies the top goals and objectives (see Appendix C for definitions) and how those will be achieved in terms of the activities, responsible staff/partner agencies, process and outcome measures, data sources, and start and end dates.</li></ul>   |
| 2.3  | Describe the rationale for the proposed activities/services/interventions including research or other evidence indicating that the intended goals and objectives are likely to be achieved.   |
| 2.4  | Describe existing or proposed policies to: <ul style="list-style-type: none"><li>• govern the use of surveillance technology (if applicable) including complying with applicable privacy laws/regulations and securing any data collected or stored.</li></ul>  |
| 2.5  | Describe existing or proposed policies to: <ul style="list-style-type: none"><li>• limit racial bias.</li></ul>   |

I think I have the explanation of Flock Cameras....we can go more in detail if we need to...just let me know.

There was an article about moving IAD Investigators to assist with police investigations, but it did not occur. The discussion is to civilianize IAD one day, but they are still working it out.

You can also call me if easier...I'm walking to gym...you are not bothering me at all I can help out with whatever.

**Subject:** Re: call after my meeting

Hi DQ! Mad apologies for not sending this yesterday. I think this is probably the whole grant. The Project Description needs the explanation of Flock and the cameras themselves. We also need to write down the different discussions and meetings OPD has. I'm working on the community side of the specific tasks and the budget now. It's way over for characters for Section 1 so I'm moving some sentences to Section 2. Can you send me the login so I can start to fit it all into the different boxes? We have a lot more room in Section 2 so we can move a lot of this into there.

One thing I'm trying to figure out is the OPD budget. There was something I saw about moving officers from Internal Affairs to be able to do more burglary investigations? Am I crazy on that?

Thanks so much for all your help and patience. It's going to be tight but I hope we can get there. If not, it's a great proposal to take to the Mayor!
