Awesome DQ thank you!

[@Dmitri Shimolin](#) attached is the Top Corridors list, I think we are looking more at an average of 60 biz per. We should say more TA budget to non BID areas as you'll have a business association to work with but the planning will be a single cluster of businesses or a couple intersections rather wide swath. I didn't see it til just now sorry!

[@Dmitri Shimolin](#)

It shows up as a downloadable html file so let me know if it's fussy. We have an estimated 3,325 retail businesses this includes gas stations.

In the PAC after court.

Yes I can add the numbers for decoy cars too and crime analyst and CPTED I guess maybe amber knows?

Yes! That's it! You go first and I'll add these 12 staff in.

DQ can you put the decoy vehicles in there? I realized I don't have much info on the Analyst? We said we wanted another crime analyst?

If not no probs!

Shawnee and DQ --

Thank you both for the calls earlier today.

In reading through the Proposal Instruction Packet, I understand this is the Budget Attachment to be used. (Attached)

Just making sure we're using the appropriate format for data entry and aren't redundant in our efforts.

Thank you,  
Dmitri

**Subject:** RE: BSCC

Sounds perfect....and I sent you the cost/budget for cameras and Amber did research for the vehicle:

The current cost for purchasing and upfitting a police patrol vehicle is \$100,000.00

The current cost for maintenance/service (O&M) is \$1,900.00 per month. Additionally, fuel is billed by actual usage.

Afternoon is fine....just let me know

**Subject:** Re: BSCC

Hi! I'm around and in calls off and on. I'll send the Attachment B project plan after I put your text in DQ! I'm almost done. AVS is sending the activities for the actual network expansion, the tech bit. That's where Flock will go. It's Goal 4. I think the OPD use of the camera data goes there.

Also have the support letter from merchants!  
Maybe talk this aftn?
